Health History

Norton Medical Center Registration/Insurance Information

By law, your health insurance coverage must be comparable to the student health insurance plan available through Wheaton College. **Certain health insurance plans, such as out-of-state Medicaid, HMOs with limited out-of-network coverage, and other out-of-state policies (e.g., Kaiser), as well as international plans not headquartered in the US, do not provide comparable coverage. If you belong to such a plan, state law requires your participation in the health insurance plan offered by the college or another comparable plan.** To assist you in comparing health insurance plans, the brochure of the plan available through the college is accessible online at gallagherkoster.com/students/ where you will also find the online waiver for you to complete in order to waive enrollment in the plan.

If you belong to an HMO, international, or out-of-state health insurance plan, contact your insurance company and confirm that your plan provides coverage for:

- **Routine** care by physicians at Norton Medical Center and Sturdy Memorial Hospital
- Diagnostic testing and lab services
- Mental health services
- Prescription drug coverage
- Inpatient and outpatient hospital services
- Emergency services

If your current policy provides the above coverage, you may *waive enrollment in the health insurance plan available through the college* **ONLINE** at gallagherkoster.com/students/. If you waive enrollment, please print a copy of your confirmation number for your records. If you do not waive the insurance plan available through Wheaton, you will automatically be enrolled in the plan and the college will bill you for the annual premium.

Copy of Health Insurance Card (front and back) – if other than the insurance plan available through the college. Maintain the original card with you.

Sturdy Hospital Permission for Release of Information

Medi-Alert (optional)

Dietary Options Form (optional)
