Wells Fargo Commercial Card Secure Code Set Up
Wells Fargo has made it safer to shop online with Verified by Visa purchasing protection. Once you enroll, you will choose a single password to use when making purchases online at participating merchants with your purchasing card. Please note that not all online merchants use Verified by Visa, but we have been seeing an increase in the wake of recent credit card scandals. When making a purchase with a participating vendor online a box will appear similar to the one on the cover requesting your password.

Enrollment is not mandatory; however, you may be blocked from making certain online purchases if the merchant has adopted this technology.

Before You Enroll

Enrolling is easy and only takes a few minutes. Please have the following four pieces of information handy before commencing the process:

1. Your 16-digit procard number
2. Your Wells Fargo Unique ID (last 4 digits of your W#)
3. Your monthly credit limit
4. The zip code tied to the bill. This will always be the college’s zip code of 02766.

You can obtain items 2 and 3 through the Wells Fargo Commercial Card Expense Reporting portal that you access for your monthly reconciliation. On the Cardholder Tab, click on User Information then Personal Profile. Your Unique ID is in the User Information section and your monthly credit limit is Account Parameters section.

Enroll Online

Access the Wells Fargo Online Purchase Protection website through the following URL https://www.wellsfargo.com/com/fraud/payments_fraud/online-purchase-protection

You will be brought the following page. Click on the link to register your Visa card.
You will receive a message that you are leaving the Wells Fargo sites.

On the next page click on the link to Register Right Now.

Introducing added safety when you purchase online

You can protect your WellsOne™ Commercial Card with a unique password for online purchases. All you have to do is register with Verified by Visa today.

Every time you enter your WellsOne™ Commercial Card number to make a purchase at a participating online merchant, you'll be asked to supply your password before your transaction can be completed. Only you will be able to use your WellsOne™ Commercial Card for internet purchases. Registration is quick and easy.

Purchase secure. Purchase smart. Here's how.
1. Start the purchase process by entering your WellsOne™ Commercial Card number
2. You'll then be asked to supply your secret verified by Visa password.
3. Submit your password and your transaction is completed quickly and safely.

Enter your 16 digit procard number and click Continue.
Enter the answers to the three questions below.

On the next page you will be asked to enter a password and personal message.

Password

When you make a Verified by Visa purchase, you will be asked for your password. Your Verified by Visa password must confirm to the password policy.

The password must be at least 8 characters in length. The password must contain at least one numeric and at least one alpha character (no special characters allowed). Passwords will be case sensitive.

* Indicates required fields

Confirm password*

Personal Message

As yet another security measure, we ask you to supply a Personal Message, which can be anything you will know to easily recognize later. Example, name of your favorite movie or your favorite vacation spot or name of your pet.

When you use this message in the Verified by Visa password window it is your guarantee you are validating with Verified by Visa. Your Personal Message must be between 1-30 characters alphanumeric and without any special characters.
