## 2021-22 Packing Guide

### RECOMMENDED ITEMS

Depending on your personal preference, here are some general items that we recommend packing.

- Supplies for classwork
- Laptop computer and accessories
- Book bag or backpack
- Clothing for at least 14 days
- Bathrobe and shower shoes
- Clothing hangers/storage containers
- Towels and washcloths
- Twin XL sheets, pillows, blanket, comforter, mattress pad (not egg-crate style)
- Personal Toiletries and Shower Caddy items
- Cell phone and accessories
- First aid kit
- Laundry supplies (detergent, fabric softener, drying rack, laundry bag)
- Decorations (We recommend sticky tack to temporarily attach items to the wall.)
- UL-safety-listed multiple outlet plugs w/ surge protector
- Flashlight and batteries
- Prescribed medication

### OTHER ITEMS

While these items are permitted within the halls, they are not essential. We recommend you consider the implications of moving them during an unexpected closure of the halls.

- Alarm clock
- Desk lamp or reading lamp
- Mini vacuum
- Plates, mugs, cups, utensils, etc.
- Mini fridge (up to 3 cubic ft.)
- Electric tea kettle or Keurig (no exposed heating element)
- Crock Pot, rice cooker, or pressure cooker
- Blenders
- Clothing steamer / iron
- Curling iron / straightener
- Plants
- A small tool kit
- A mirror
- Memo board or dry-erase board
- Window or box fan
- Small air scrubber

### WHAT NOT TO BRING

These items are NOT permitted within the residence halls.

- Air conditioners (unless for a pre-approved housing accommodation)
- Any items that create an open flame (candles, incense burners)
- Any items with exposed heating elements (electric pans, griddles, hot plates, toasters, toaster ovens, waffle irons, lava lamps, space heaters, etc.)
- Coffee pots with exposed warming area
- Grills (including George Foreman brand)
- Microwaves (except as part of a Micro Fridge unit)
- Pets (except fish or 100% aquatic creatures like axolotls)
- Tapestries or any other cloth wall hanging (curtains over windows are OK)
- String lights or LED strips
- Light-duty extension cords
- Upholstered furniture without CAL 117 fire rating
- Halogen lamps
- “Egg-crate style” mattress pads
- Weapons (knives, decorative swords, firearms, etc.)
- Pools of any kind (inflatable, free-standing, etc)
- Trampolines of any size
- Electronic hoverboards
- Space heaters

The following is a list of items that are not permitted in residential units or on college property at any time. This list is not comprehensive and the College reserves the right to deem other items as prohibited at any time and without advanced notice.
COVID SUPPLIES

Given the uncertain nature of the global pandemic and its possible impact on the campus community, we recommend that all students pack items with COVID-19 mitigation in mind. Items on this list reflect current policy, but also in some cases reflect the potential need to reintroduce policy if COVID-19 cases were to rise.

EMERGENCY BAG: We are preparing that some students will need to enter Quarantine and Isolation housing. Students will have the opportunity to quarantine or isolate at a permanent address off campus or in the designated quarantine and isolation space on campus. Students will be expected to make this move quickly and should not expect to be able to return to their room. As such, we advise that students have a bag prepared in advance with the personal items in a location where someone can easily find.

<thead>
<tr>
<th>GENERAL ITEMS TO HAVE READILY AVAILABLE</th>
<th>EMERGENCY BAG</th>
</tr>
</thead>
<tbody>
<tr>
<td>While many of these items would be something you would bring any year, we feel these are particularly important to help mitigate the spread of COVID-19 on campus and keep you safe.</td>
<td>In the event that you are required to move into quarantine, we highly recommend that you have items set aside to bring with you to quarantine. Have a bag in an easily accessible location in your room that is even pre-packed with some items. Keep in mind that current guidance would require someone to be in quarantine or isolation for 14 days, so plan accordingly.</td>
</tr>
<tr>
<td>● Face coverings</td>
<td>● Clothing for at least 2 weeks, comfy clothes</td>
</tr>
<tr>
<td>● Hand sanitizer that contains at least 60% ethyl alcohol</td>
