

Occupational Therapy (OT) Curricular Path

Minimum number of courses: 7

The below courses are meant to serve as a guide for **most** schools, but may lack some specific requirements as they are updated by the professions and individual schools. The course prerequisites for admission vary significantly across OT education programs. Visit the institutions' websites to determine what courses are required by each institution. Keep in mind that OT schools will require specific grades in all prerequisite courses.

ONE general Biology course

- Bio 114: Introduction to Biological Sciences

TWO other Biology courses

- Bio 106: Human Anatomy
- Bio 244: Introductory Physiology

ONE Mathematics course from

- Math 141: Statistics
- Psy 141: Statistics for the Social Sciences
- Soc 141: Statistics for the Social Sciences

THREE Psychology courses

- Psy 101: Introductory Psychology
- Psy 233: Lifespan Development
- Psy 247: Abnormal Psychology

Frequent Additional Courses

- Physics and/or Chemistry
- Additional English
